## ENTERPRISE MEAT MARKET IS SOLD

### S. E. COMBES BUYS OUT PRICE & HOMAN—PITZER GETS BLACKSMITH SHOP.

Two important business deals were closed Friday evening, S. E. Combes becoming proprietor of the Enterprise meat market, and I. N. Pitzer buying the Combes blacksmith shop. The new owners took charge Saturday morning.

Mr. Combes bought the full interest of August Price and Delbert Homan in the meat market, stock and fixtures, the deal involving about \$3000. Mr. Price retains ownership of the land south of town, including the new house and barn, and the slaughter house. The latter is leased by Mr. Combes. Mr. Homan takes the town property where Mr. Price has been residing, the two former partners thus exchanging residences. The removals were made Tuesday.

The Enterprise market has been a splendid business proposition and was run as few markets outside of large cities are conducted. Mr. Price is an expert meat cutter and Mr. Homan did the outside work, but both men have been ill for several months and are compelled to retire to endeavor to regain their health. Mr. Combes is one of the best known and liked men in the city and is noted for strict attention to business. He will keep up the reputation of the shop for good meats. G. H. Vest, who has been acting as cutter during the illness of Mr. Price, continues with Mr. Combes.

The Combes blacksmith shop and tools was sold to T. R. Akina, who owned the ground, and he in turn sold the tools and leased the shop to I. N. Pitzer, the well known blacksmith, and who is known to have no superior at the blacksmith trade in this county. Mr. Pitzer will move the shop he recently built to the rear of the Combes shop and use it for a wood working shop.

## Court House Notes

### New Tax Money.

Sheriff Marvin has a turnover of \$44,076.88 ready for Treasurer Bell, who is temporarily out of the city. This with the previous turnover of \$13,214.19 makes a total of \$57,291.07 of this year's tax money.

A jury in Justice A. C. Smith's court Thursday gave W. H. Gibson a verdict against Joe Allen for \$13 and the return of a \$16 note. Gibson sued for \$36 wages. Thos. M. Dill was his attorney, while Burleigh & Boyd appeared for Allen.

### New Suits Filed.

April 3.—Peter Flicker vs. G. M. Padon.  
April 3.—J. A. Wood, Admr. vs. E. L. Wiley.  
April 8.—E. F. Dotson vs. F. P. Somers and Wm. Campbell, partners as Somers & Campbell.

Estate of Mary A. Cramer. H. C. Cramer appointed administrator.

Marriage Licenses.  
April 10—Will Baker and Emily Melotte.

## Enterprise Club Champion For Size

Awarded One Pennant Already By Uniform Outfitter—Talent Plentiful.

Enterprise will have a crack baseball team this season if size counts. The club ordered new uniforms recently, and the following letter tells the rest:

"W. J. Funk & Co., Gentlemen: We wish to acknowledge receipt of your order for base ball uniforms and state that I have instructed the factory to ship same at the earliest date possible, by express, and trust there will be no delay in your receiving them. The measurements I think will fill the proper requirements correctly. This is about the heaviest base ball aggregation the writer has brought to his attention. It seems to me that we may receive a few base balls from your section with the covers knocked off after some of the big fellows get a crack at them. However, we wish them all luck. Yours truly, Marshall Wells Hdwe. Co., Joe T. Dillon, Manager Sporting Goods Department."

But it is not alone in size the team will be classy for never before was there so much good veteran talent and promising young bloods. Of last year's team there are Bileyn Pace, Marvin W. Bauer, Savage Fleener, Zurcher, Crumpacker and French, while R. and W. Pldcock, Cynaway and Littenberg compose a formidable array of new talent. A strong team will be selected from the number.

A practice game was played Sunday with the Joseph second nine the locals galloping home easy winners by 27 to 5.

### DAIRYING DID NOT PAY.

(From Jensen's Dairyman.)

A Nebraska subscriber tells how dairying is done in that state. He says: "A few years ago a neighbor of mine had a few native cows. He said he didn't believe there was anything in the dairy business, but he was willing to give it a fair trial. He bought a separator, a shotgun, a running horse, a saddle, a Hereford bull, and two gallons of booze and was loaded for the dairy business. It is needless to say that he proved conclusively in a very short time that the e was nothing in it." The statement that dairying does not pay as a rule comes from a class of farmers who have not given the business a fair trial. When a man says dairying does not pay it is certain that he does not know the dairy business and could not make it pay if he would. There is, however, encouragement for such a man, inasmuch as there are numerous good dairy papers at small cost and bulletins on dairy subjects to be had free. If the man who honestly wants to make a profit from his dairy herd will set about to learn how the profits are made, he will succeed, and in doing so will be able to realize a profit from his dairy in the proportion to the intelligence used in the work.

### PARADISE GLINTS.

Paradise, April 9.—Farmers are plowing in lower Paradise.  
J. A. Stowell has bought an incubator and will raise chickens galore.  
Alonso Sturm has rented Dan Doran's ranch.

The mail from Wallowa is late on account of bad roads.  
Born to the wife of Ray Renfrow, a girl, April 5.  
The Paradise sawmill will commence sawing soon.

King of Blood Remedies.  
Levy's Oregon Grape Compound. Sold and guaranteed by Burnaugh & Mayfield, Enterprise, Oregon.

## BUILDING ACTIVE IN COUNTY SEAT

### WORKING ON FOUR BIG STRUCTURES BESIDES RESIDENCES —LIE EXPOSED.

Building operations are under way in earnest in Enterprise this week. Ground was broken Tuesday for Litch's big stone business block on Main street, 40 men are working on the court house, the everlasting concrete walls of the wool growers warehouse are slowly rising and work on Burnaugh & Mayfield's stone ware room will be in progress before the end of the week. S. R. Haworth, the courthouse contractor, will also erect the Litch and Burnaugh buildings of the Bowby stone. In addition several new residences are going up and a dozen more will be started as soon as the lumber can be had. Haworth is shipping in lumber from La Grande, receiving a car load Monday.

### ANOTHER LIE NAILED.

The spite of the Joseph Herald or some parties in Joseph against Enterprise has been vented all winter and spring on the woolmen for deciding to build their warehouse in this city. It took a particularly vicious turn last week in stating the woolgrowers warehouse had been condemned by the railroad officials. There is not one word of truth in the article, and the stockholders, composed of many of the leading woolgrowers of the county, are justly indignant at its publication. One of them telephoned Engineer Brandon, who was with the officials when they inspected the railroad last week. He said it was a "lie made out of whole cloth." The officials never looked at the warehouse, and Mr. Knapp, the contractor, says they did not even stop.

The editor of this paper in company with Mr. Brandon watched the progress of the work on the warehouse for some time Friday. Mr. Brandon, who had much experience in concrete work, was strong in his praise of the building and said it would be the finest thing of the kind on the O. R. & N. road.

The concrete walls are stronger than if built of granite, twice as thick, and the longer they stand the stronger they will be. Concrete is the only absolutely fireproof building material, and further it keeps out heat or cold better than any other. The advantage of this during the hot days when wool is stored is apparent to every experienced woolgrower. It will save hundreds of dollars of shrinkage.

### CHICO CHRIPS.

Chico, April 4.—Turn about is fair play, so the Chirper will come on the stage. "The Tattler" must have worked pretty hard to find so much news, for it is as scarce here as hen's teeth.

Calvin Smith and family moved Saturday to their home down on Joseph creek.

Miss Lee Haskins was at Chico Friday.

Robert Edgmand went to town Saturday.

E. D. Bradney of Columbus, Kan., is visiting at J. T. Edgmand's. He came out to look at the country, and when they showed him the Seven Devils he said, "Well, there's the Devils, now where's h—t?"

There was an entertainment at the Chico schoolhouse Friday evening. Colonel Graves moved to his home on Elk Creek last week.

The salmon are coming up the creeks as thick as mosquitoes. So said R. C. Edgmand, who was fishing Thursday. He got a fish two feet long, taking one foot at a time. Ford Hillman is building a barn.

It is the style here for the teachers to go fishing on Saturdays and Sundays, but there is only one here now, and of course she can't go alone.

Mrs. Jane Daugherty has moved out on the ranch.

Henry Ibberson went to town Thursday after a load of feed oats.

Charlie Tippet came out from town Wednesday.

Albert E. Endicott was riding on the creek Saturday.

## Bramwell Is Now Sugar Factory Mgr.

### New Head of LaGrande Plant Closing Deals For Valley Land.

F. S. Bramwell, general manager of the La Grande sugar factory, came in Monday and is very busy closing up leases for land to make the experiment of raising sugar beets in this valley, and in putting men at work preparing the ground for seeding, which will begin April 22.

Mr. Bramwell has recently been appointed to the head of the La Grande factory by Mr. Eccles, succeeding F. G. Taylor, who goes to Lewiston, Utah. Mr. Bramwell was formerly field superintendent for the factory, but for several years has been in business for himself, but now accepts the entire management in response to Mr. Eccles' wish.

He has closed the leases for fields of the J. Haas, A. Wade and J. H. Dobbin land, in all about 150 acres and may take two or three other fields on the slope. A Japanese is here figuring on a contract for the hand work.

### PROGRAM AND DINNER MARK ALDER SCHOOL CLOS.

Closing exercises of Alder school were held at the school house, Friday April 9. Miss Estelle Crockett teacher. About 11:30 A. M. the patrons and friends arrived fairly loaded with pies, cakes, chicken, and other good things too numerous to mention. One feature of the procession was two young ladies each drawing a wagon load of the above mentioned good things. Mr. Litch was master of ceremonies, and although he was complaining of being in feeble health, he managed to worry down a few bites of each tempting morsel that was handed to him.

After dinner an excellent program, consisting of music, recitations, etc., was rendered by the pupils. The pupils presented their teacher with a nice book in token of their regard. The Alder people always stand loyally by their school and show their appreciation by their presence. They certainly know how to entertain their friends. The dinner was simply grand. After a few remarks by County Superintendent Conley and Rev. E. Owen the exercises closed and all went home happy.

### JAMES TERRY DEAD.

A telegram was received by S. P. Pace Tuesday announcing the death of James Terry at The Dalles Monday night. The deceased was a brother of Mrs. Pace, who will be unable to attend the funeral on account of the feebleness of her mother who makes her home with Mrs. Pace. Mr. Terry had been ill for several years of a chronic affliction.

## NOTED JURIST BUYS WALLOWA HILL LAND

### JUDGE BENNETT MAKES ANOTHER REALTY INVESTMENT IN THIS COUNTY.

Judge A. S. Bennett and his partner, N. J. Slinott, of The Dalles, have bought another Wallowa county farm, purchasing from the Enterprise Real Estate company the Knodell place of 150 acres in Swamp Creek Pass, two miles east of Enterprise, for \$2900. Judge Bennett and Mr. Slinott bought 160 acres of valley land of Carl Whitmore last summer, and were so well pleased with their purchase they made this additional investment a few days ago.

The Knodell place is what is termed non-irrigated or hill land and figured in the deal for the Stubbins farm a few weeks ago. At the price, it is the biggest bargain in realty transactions occurring in this county in a year and a half. It is all plow land, deep, rich soil, level with a gentle slope to the northeast. It is fenced and improved with a house and stable. No better wheat farm lies outdoors, and it will sell easily for double the present price inside six months.

Judge Bennett owns land and constantly buys more all over Oregon, and it is said there is no better judge of comparative land values than he.

### WIRELESS TELEPHONE.

The Collins wireless telephone was demonstrated in the Hotel Enterprise Saturday and Sunday by C. M. Stamper and L. C. Link, the former stock agent for Idaho and the latter in charge of this territory. A phone was placed in a room on the third floor and another in a room on the second floor. Conversation and strains of music were heard as distinctly as over the wire system and scores of citizens availed themselves of the privilege of talking and hearing over the Collins that is probably destined to be a thing of daily use in a few years. It is claimed the Collins wireless is already a success at a distance of 100 miles.

### Physicians Most Popular.

Dr. Thompson was elected mayor of Joseph and Dr. G. W. Gregg mayor of Wallowa at the city elections last week. Gregg won over J. P. Morelock by two votes in a total of 130. In Joseph the only contest was for treasurer, P. F. Scribner receiving 34 votes to 10 for E. S. Forsstrom.
